PROJECT INFORMATION

Project Priority: Medium	**Project Type:** Improvement	**Is this Project in the Hazard Mitigation Plan?** N	**Project Category:** Sewer

Project Description:
A Notice of Violation (NOV) dated December 29, 2016, from the New York State Department of Environmental Conservation (DEC) was issued because of two sanitary sewer outflows witnessed by DEC staff. The NOV required a series of evaluations to the Caldwell Sewer District (CSD) sewer collection system.

Comments:
The evaluations conducted include lateral investigations at twelve critical areas that utilize CCTV technology. Also, smoke testing was performed to conduct evaluations at sewer laterals located generally along NYS Route 9, Beatty Road, and Cedar Lane. Finally, a level sensor was installed in manholes at seven locations throughout the collection system, to conduct flow evaluations to correlate precipitation and flow within the sewer system.
