

45. Northville-Placid Trail Jct.

Just after crossing the West Stony Creek on a bridge along Route 30 the road to Benson heads in a southerly direction. Here the Northville-Lake Placid Trail leaves the State Road and heads south and then west into a wilderness containing the Canary Pond and then to White House on the West Branch of the Sacandaga River below the "Falls."

The Long Path continues northward to Wadsworth Camp at the hamlet of Hope.
