	Project Title: Phase II Wastewater Treatment Plant Upgrades	Project Submission Date: June 10, 2020 7:00 PM
	Entity: Bolton	Contact: Ron Conver

PROJECT INFORMATION

Project Priority: Medium	Project Type: Improvement	Is this Project in the Hazard Mitigation Plan? Y	Project Category: Sewer
---------------------------------	----------------------------------	---	--------------------------------

Project Description:
 This Phase II project includes the next round of upgrades to the Town's 60+-year old wastewater treatment plant and collection system. The Phase II work includes pump and emergency generator and instrumentation improvements to the Town's three (3) pump stations, continued manhole repair and collection system sliplining, improvements to the single force main between the main pump station and the WWTP, and ultimately an updated wastewater treatment plant and all related appurtenances.
