

ENTITY INFORMATION

	Project Title: Big Hollow Road Bridge Reconstruction	Project Submission Date: July 6, 2022 10:15 AM
	Entity: Lake George Town	Contact: Rob Lanfear, Jr.

PROJECT INFORMATION

Project Priority: Low	Project Type: Improvement	Is this Project in the Hazard Mitigation Plan? N	Project Category: Transportation
------------------------------	----------------------------------	---	---

Project Description:
 The current Town-owned Bridge over Big Hollow Road is the only Town-owned Bridge that sees vehicular traffic and has yet to be continuously maintained or repaired. All other bridges in the Town’s boundaries are either State-owned or privately owned. The existing 32’ long x 14’ wide bridge infrastructure is that of a single lane, with a road/asphalt overlay on top of an old steel deck condemned bridge. The bridge is in dire need of repair.

Comments:

Project Location: Big Hollow Road, Lake George

Map details: The map shows a topographic view of the Lake George area. A blue location pin is placed on Big Hollow Road, which runs north-south. To the north of the pin are the towns of Athol and Warrensburg. To the east is Diamond Point and Lake George. To the south is French Mountain and State Route 9N. Halfway Creek is visible in the bottom right. A peak of 2163 ft is marked in the upper right. The map is powered by Esri.
