

ENTITY INFORMATION

	Project Title: Critical Facility Flood Mitigation	Project Submission Date:
	Entity: Queensbury	Contact: John Strough

PROJECT INFORMATION

Project Priority: High	Project Type: Improvement	Is this Project in the Hazard Mitigation Plan? Y	Project Category: Facilities
-------------------------------	----------------------------------	---	-------------------------------------

Project Description:
 The Town Engineer will conduct a feasibility assessment at each critical facility located in the floodplain to determine flood exposure and potential mitigation actions to protect the facilities to the 0.2-percent flood level. Cost effective mitigation actions identified will be carried out.

Comments:

Project Location:

The map displays the project location in Queensbury, New York. A blue location pin is placed in the town of Queensbury. Surrounding areas include Lake Vanare to the northwest, Lake Sunnyside to the north, and Halfway Creek to the northeast. Other nearby locations shown are Kingsbury, Glens Falls, Hudson Falls, and Fort Edward. Major roads like Sherman Ave and W. Mountain Rd are also visible. The map is powered by Esri.
