

ENTITY INFORMATION

	Project Title: Green Meadows Park Dam/Spillway replacement	Project Submission Date: June 10, 2019 7:00 PM
	Entity: Stony Creek	Contact: Frank Thomas

PROJECT INFORMATION

Project Priority: Medium	Project Type: Replacement	Is this Project in the Hazard Mitigation Plan? N	Project Category: Parks
---------------------------------	----------------------------------	---	--------------------------------

Project Description:
 At the Town's Green Meadows Park is what has been referred to as the Old Dam which is technically a digger dam, a spillway that as the water flows over digs a hole below the spillway which the Town uses as our beach.

Comments:
 A guess as what the cost would be is \$200-250,000.00. If possible and permitted the sides would be replaced with concrete and just the spillway section of the structure would remain wooden.

Project Location: Harrisburg Rd Stony Creek
