	<b>Project Title:</b> Highway Garage Replacement	<b>Project Submission Date:</b> May 31, 2022 8:30 AM
	<b>Entity:</b> Thurman	<b>Contact:</b> Deb Runyon

**PROJECT INFORMATION**

<b>Project Priority:</b> High	<b>Project Type:</b> Replacement	<b>Is this Project in the Hazard Mitigation Plan?</b> N	<b>Project Category:</b> Facilities
-------------------------------	----------------------------------	---	-------------------------------------

**Project Description:**  
 The existing highway garage is in need of repairs that are too costly to complete. We would like to move the highway garage from its present location to the landfill property.

**Comments:**  
 In Feb 2016 Cedarwood Engineering did an inspection and found the existing Hwy Garage to be in poor condition, deteriorated roof and wall structure, energy losses, ineffective ventilation systems. In May, 2022 the Dept of Labor did a surprise inspection and is issuing multiple violations. We would like to relocate the garage to the landfill property because there is more room there for a larger facility.

**Project Location:** Erving Baker Road Thurman New York

Esri, NASA, NGA, USGS | Esri, HERE, Garmin, SafeGraph, METI/... Powered by Esri

**PROJECT PLANNING AND FINANCING**

<b>Estimated Cost:</b> \$900,000	<b>Potential Funding Source(s):</b> We have \$300,000 set aside for this project.
<b>Has a Planning Study Been Completed?</b> No	<b>Useful Life:</b> 75 year useful life
