

ENTITY INFORMATION

	Project Title: Stormwater and Flood Mitigation at Athol Road	Project Submission Date:
	Entity: Thurman	Contact: Deb Runyon

PROJECT INFORMATION

Project Priority: High	Project Type: Replacement	Is this Project in the Hazard Mitigation Plan? Y	Project Category: Stormwater
-------------------------------	----------------------------------	---	-------------------------------------

Project Description:
 The mitigation recommendation for this site is the installation of new culverts at two locations. The first site would collect runoff and convey it to the established drainage way on the Town property. That would eliminate flooding issues for one of the Town buildings, the public access points and the private residence. The second portion of this project would be to upsize the existing culvert that currently drains the property and conveys it to Athol Road.
