

ENTITY INFORMATION

**Project Name:** WWTP Electrical Upgrade**Project Update Date:** June 29, 2026 11:25 AM**Entity:** Glens Falls**Contact:** Steve Gurzler

PROJECT INFORMATION

Project Category: Energy**Project Type:**
Improvement**Priority:** High**Is this Project in the Hazard Mitigation Plan?** No**Project Description:**

The electrical power distribution system and motor control centers at the WWTP are over 35 years old. Many of the components are obsolete and spare parts are no longer being manufactured. Distribution transformers are showing signs of an increased risk of failure. Transformer sizes are not matched to electrical loads, leading to wasted energy.

Project Phase: Design**Comments:** Engineering Design complete. Shovel-ready.**Project Location:** 2 Shermantown Road

PROJECT PLANNING AND FINANCING

Estimated Cost: \$1,200,000**Has grant funding for this project been received?**

Useful Life: 25 years

Funding Source(s): No
