**Project Name:** New Compacter**Project Update Date:** June 25, 2026 8:31 AM**Entity:** Hague**Contact:** Peter Maltese, Transfer Station Manager-518-543-2016

PROJECT INFORMATION

Project Category: Facilities**Project Type:**
Replacement**Priority:** High**Is this Project in the Hazard Mitigation Plan?** No**Project Description:**

Hague's Transfer Station is in need of modernization, with the most immediate priority being the replacement of its compactor. The existing compactor is original to the facility and is currently operating with a failing 3-phase converter motor. While temporary repairs have kept the equipment functional, it is essentially being maintained through short-term fixes and is nearing the end of its service life. If the compactor were to fail, residents could experience major disruptions in disposal.

Project Phase: Conceptual**Comments:****Project Location:** Town of Hague Transfer Station
