Project Title: Usher Park Playground Updates

Project Submission Date: July 6, 2022 10:30 AM

Entity: Lake George Town

Contact: Jim Martino

PROJECT INFORMATION

Project Priority: High

Project Type: Improvement

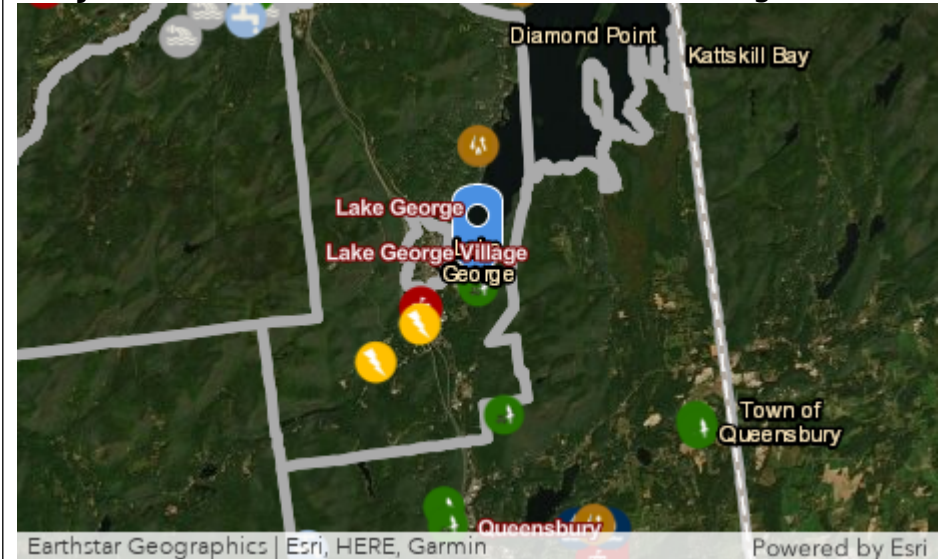

Project Category: Parks

Project Description:

The existing children play area / playground at Usher’s Park is well outdated, and is underutilized and almost unsafe. Many times, visitors to the park do not bother utilizing the playground since it is very limited in recreational amenity or variety for different age groups. Many municipal parks in the area have been upgrading their playground and child play areas to accommodate ADA accessibility, all age groups, and to provide for newer, more interactive amenities to enjoy.
