

# QUEENSBURY

## NEW YORK

### Scenic Bikeway

The Warren County Bikeway makes a family bike ride easy! Park in the lot on Country Club Road and ride south to Glens Falls, stopping for ice cream at one of the two shops along the way, or head north and cruise to a downhill finish at Battlefield Park overlooking majestic Lake George. A portion of the Bikeway follows an important Military Road during the French and Indian War, and several kiosks highlight points of interest and describe historical events that took place along the trail.

### Winter Wonderland

Fun and family-oriented, West Mountain in Queensbury is a smaller mountain that is big on value. With over thirty trails for beginners to advanced skiers, lift-assisted snow tubing, and terrain parks, everyone can enjoy a day on the slopes. After dark, have fun skiing under the lights! If cross-country skiing or snowshoeing is more your speed, check out the 7km of groomed trails in Cole's Woods, the first lighted cross-country ski trails in North America.

### A Walk in the Park

Queensbury is home to eleven gorgeous town parks, seven of which include trail systems for hiking, running, cross-country skiing, snowshoeing, and mountain biking. Gurney Lane Recreation Area, the crown jewel of the town's park system, features New York State's highest ranked mountain bike park, as well as a beautiful pool, playground, pond, and hiking trails.

### Fore!

Home to six golf courses, Queensbury offers golfing opportunities that stand out not only for their tree-lined fairways and manicured greens, but also for their undeniable natural beauty. Tee off high above majestic Lake George with views that rival mountain summits, navigate fairways surrounded by dense Adirondack forests, or drive long par 4's at one of the top rated courses in the state. Bring your clubs!

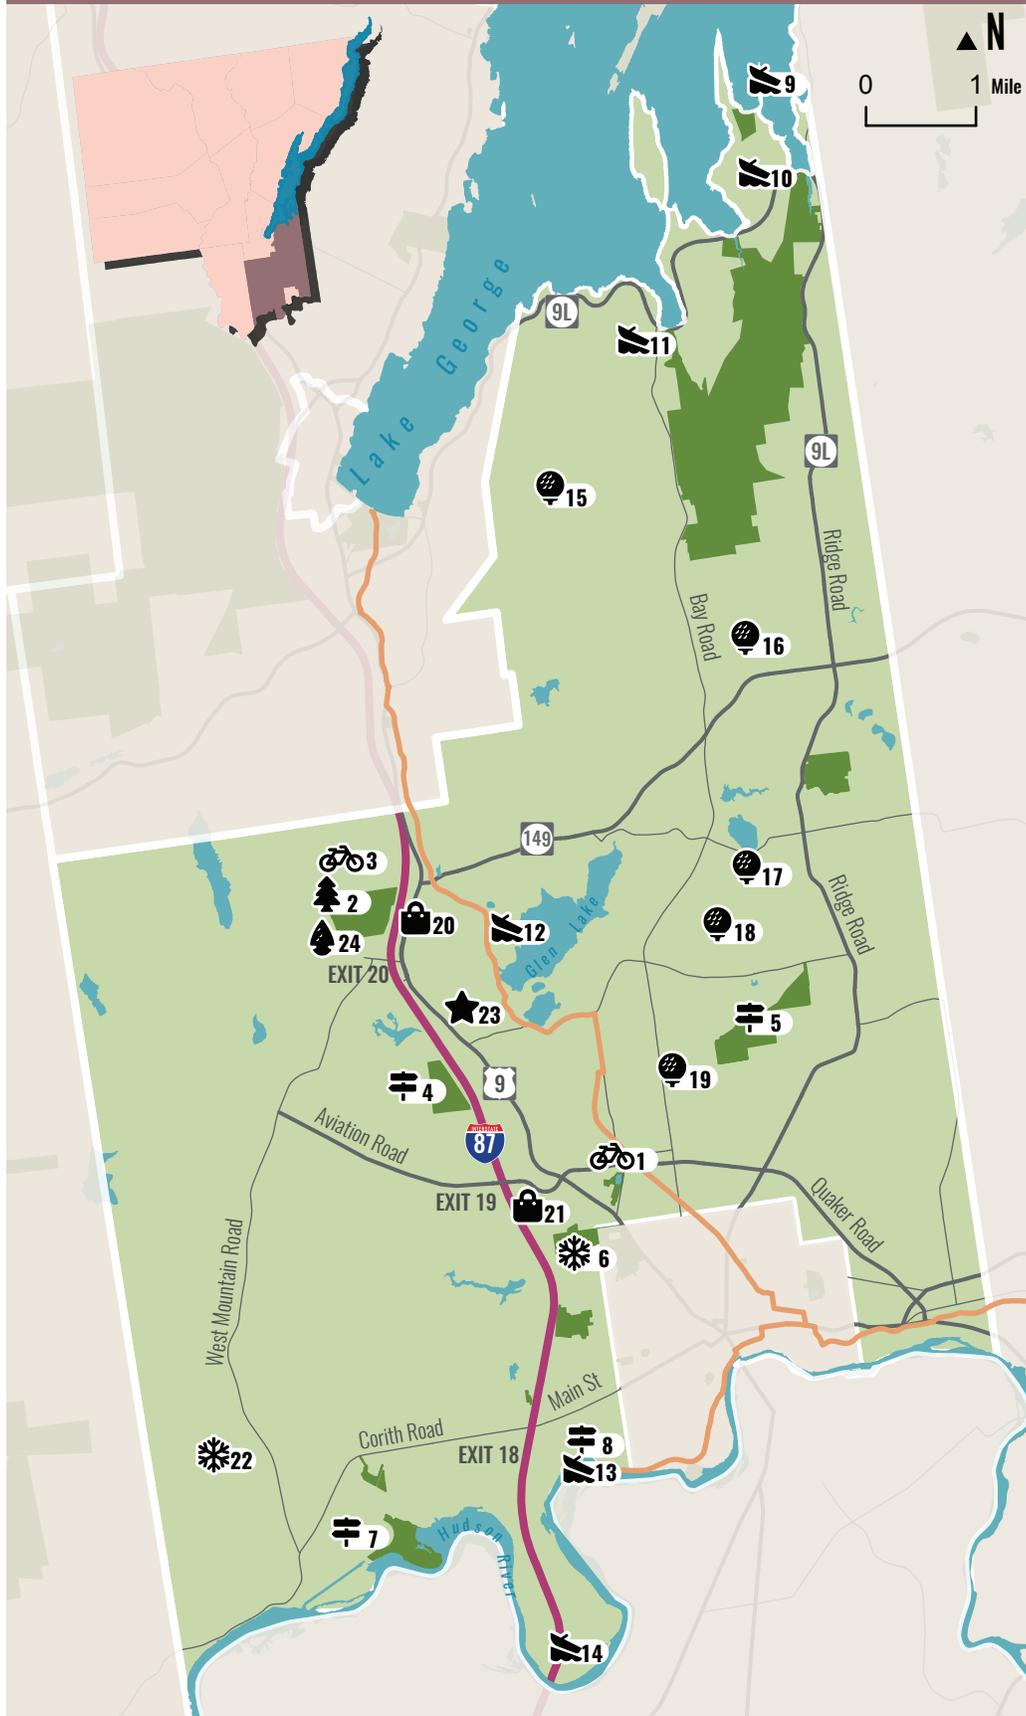

### Shop Local

From one-of-a-kind antiques to locally-made artisan crafts and factory outlet bargains, Queensbury has a shopping experience for everyone. Adirondack furniture, treasured collectibles, and locally sourced goods and gifts are yours for the asking. Rainy days are perfect for visiting Aviation Mall, where you can take in a matinee in a luxury movie seat when you've finished perusing the shops.
