Subject: FW: Storage

Just as info, this is where I state "we would be willing to renew the contract." No caveats.

Subject: Storage

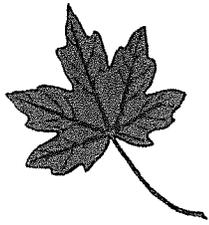

Paul

We are working on very lucrative deal to store cars at Tahawus, and if the stone doesn't move, on some of the track we own between Tahawus and North Creek. Movement of the cars would be as a common carrier on a published rate. They are empty tank cars, but will have "residue" placards as they have not been cleaned. I reviewed our contract and note that the "restrictions on use of property" section has a common carrier qualifier, and since we would not be storing on(just moving across) County or Town property we would be in compliance, but I would like you to review and let me know if you concur.

~~This is sufficiently lucrative that we would be willing to renew the contract.~~

Ed
