## EXECUTIVE SUMMARY

### TOTAL OPERATING BUDGET (NET OF GRANTS):

2021 – 2022 Proposed Operating Budget	\$30,464,646
2020 – 2021 Approved Operating Budget	<u>\$30,575,770*</u>
Proposed change in Budget	\$ (111,124) -0.4%

\*Included an anticipated 15% cut to State Operating Aid. The actual cut, announced in April 2021 was 5%.

SUNY Adirondack has been and continues to be good stewards of its resources; appropriately expanding and contracting its budget as enrollment grows and declines. This 21-22 proposed operating budget is ~\$1.6M less than 19-20.

### GRANTS:

2020 – 2021 Proposed Grant Budget	\$2,245,774
-----------------------------------	-------------

#### Changes in Grants:

CRRSAA: HEERF II*	\$255,000
All Other	(17,000)

\*Coronavirus Response and Relief Supplemental Appropriations Act: Higher Education Emergency Relief Fund II

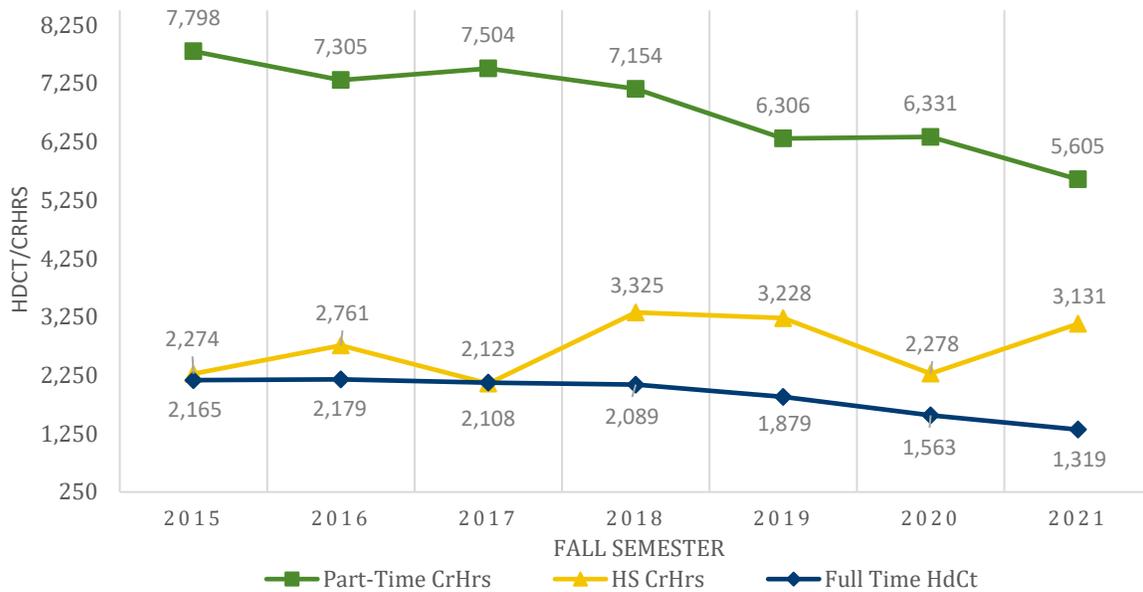

<b>TOTAL BUDGET (INCLUDING GRANTS):</b>	<b>\$32,710,420</b>
---	---------------------

**ENROLLMENT PROJECTION:**

	<b>2020-21 Budget</b>	<b>2020-21 Projected</b>	<b>2021-22 Budget</b>	<b>2021-22 Budget vs 2020-21 Budget</b>
Budgeted FTE	2,240	2,040	1,867*	(373) (16.7%)

\*Note: The 2021-22 budgeted enrollment was based on the 2020-2021 projected actual (not originally budgeted) which is a 9% decline.

**FALL SEMESTER ACTUAL AND PROJECTED HEADCOUNT AND CREDIT HOURS**

Since 2017, the college has experienced annual enrollment declines similar to our state and national peers. Much of this has to do with the continued decline in number of high school graduates and high employment rates (community colleges typically have an inverse relationship to employment rates). The projection for 2021-22 is conservative.

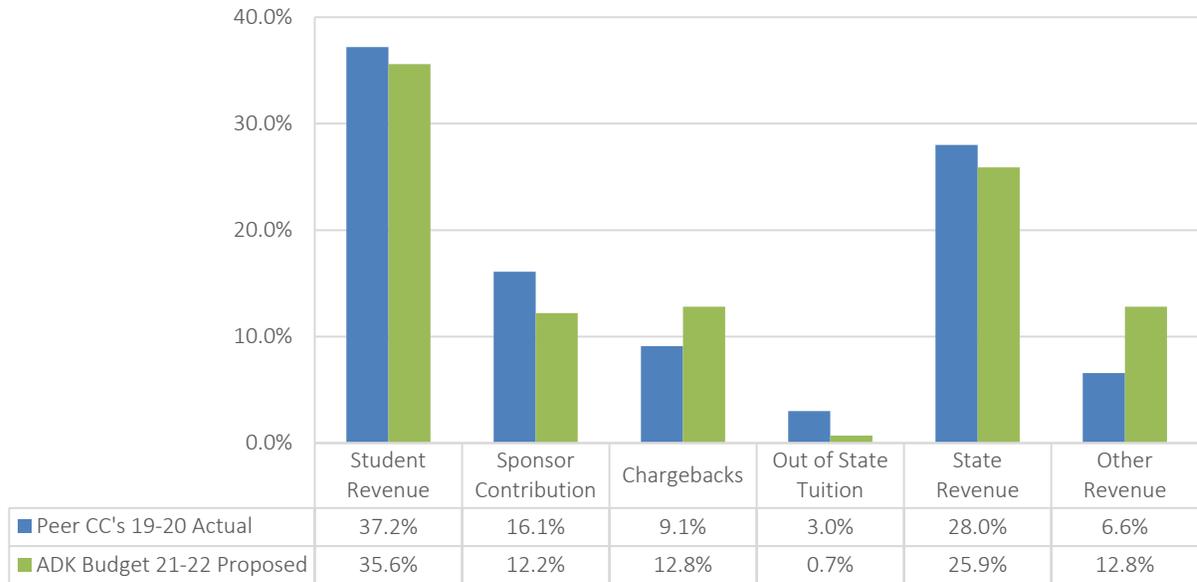

The 15% decline of full time students in fall 2020 was primarily from low income students who have been more dramatically impacted by the COVID crisis and therefore, either left higher education or never enrolled. Issues such as technology access and ability, child care, home situations to best support remote learning, and unemployment have greatly reduced many students' ability to engage in education.

**Financial Aid and Scholarships**

Opportunities exist for us to bring students back to college who need significant financial support. To further assist students in accessing education, over \$7M in federal stimulus aid is available to students and we are communicating these opportunities through several marketing strategies.

**OPERATING REVENUE:**

**OPERATING REVENUE BY SOURCE: PEER COMPARISON**

PEER COMMUNITY COLLEGES: SUNY Adirondack’s “peer” community colleges are Cayuga, Corning, Herkimer, Jamestown, Jefferson, Schenectady and Ulster. This group was identified as all NYS community colleges with a +/- 25% variance from SUNY Adirondack in various categories such as FTE, operating expenses, and total revenue.

**Tuition and Fees**

SUNY Adirondack is committed to open access and remains one of the most affordable community colleges in the NYS system. To assist our valued students in achieving their educational goals during this unique time, we have frozen tuition and eliminated three student fees.

**Sponsor Support**

SUNY Adirondack continues to feel the impact of a level of sponsor support that falls below our peer average and hasn’t changed substantially in over 15 years, despite increasing personnel and benefit costs. College investments such as student housing and SUNY Adirondack at Saratoga have resulted in enrolling students from outside of our sponsor counties (chargebacks) and has helped to balance the loss.

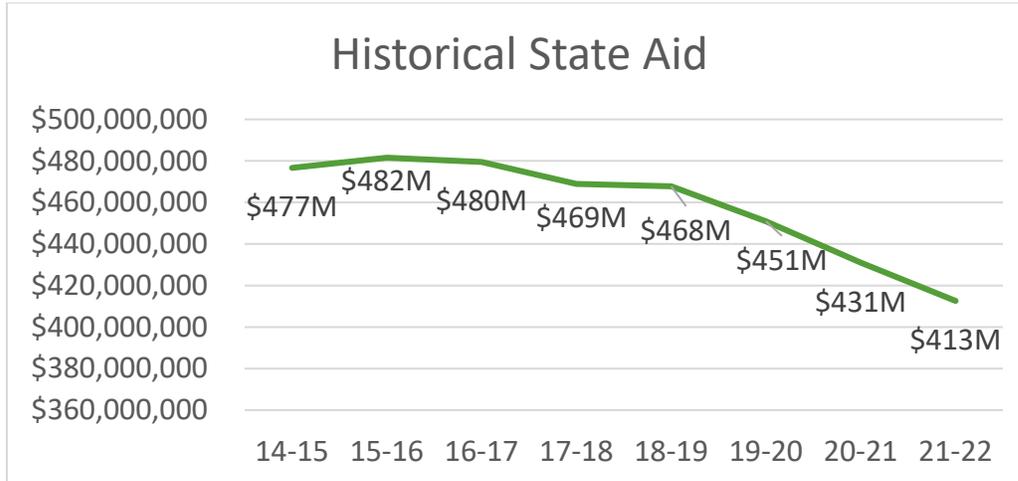

**State Aid**

The state budget appropriated the greater of a \$50 increase per FTE (\$2,997) or 98% of 20/21 approved base aid. This appropriation represented an \$18.6M cut to NYS community colleges, \$130,000 for SUNY Adirondack.

**Other Revenue**

Includes \$2,020,000 in federal relief funds to offset expenses associated with the Coronavirus and lost tuition revenue from the sharp decline in enrollment.

**NYS COMMUNITY COLLEGE HISTORICAL STATE AID**

13.4% loss in State Aid since 2014-2105 = \$64M

**HIGHER EDUCATION EMERGENCY RELIEF FUND (HEERF)**

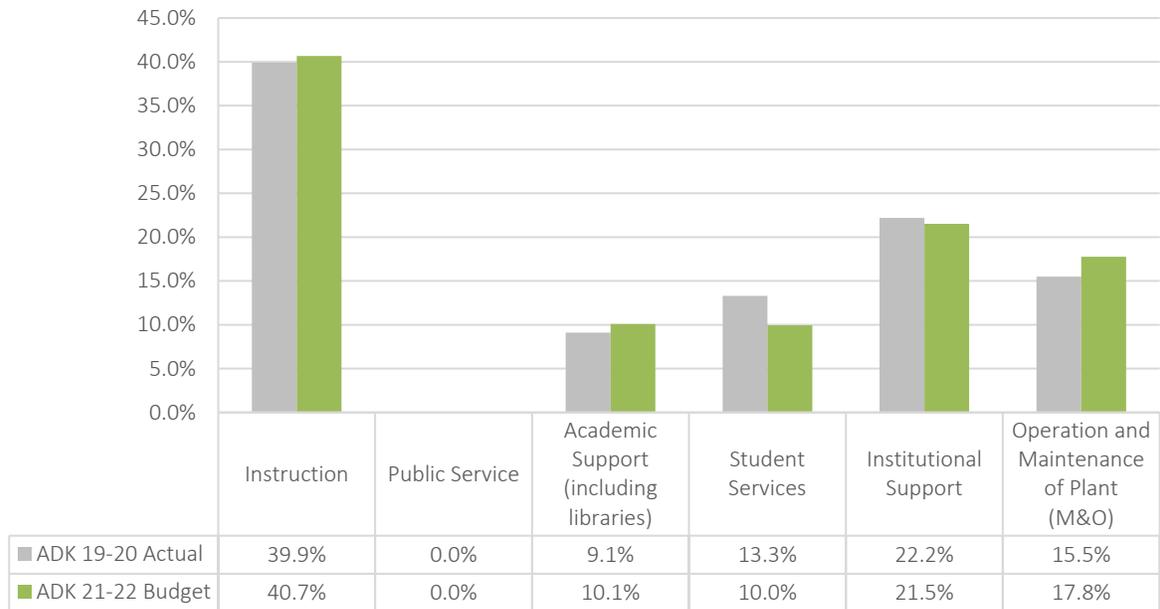

*To help colleges prevent, prepare for and respond to the Coronavirus*

- One time funds
- Highly restricted by federal and state guidelines
- Independent auditors must approve allocations
- Funds can not be used to increase chargeback rates or for pre-enrollment recruiting activities
- Spending deadlines
- Most likely can not be used for capital investments

	CARES	CRRSAA	ARP	Total

<b>Total</b>	<b>\$2,684,907</b>	<b>\$5,080,325</b>	<b>\$8,898,086</b>	<b>\$16,663,318</b>

**OPERATING EXPENSES:**

**OPERATING EXPENDITURES BY FUNCTION**

**Fully Open for Fall 2021**

The college is planning on being fully open in Fall 2021 to welcome students and staff back to campus. This means that expenses related to operating classrooms and in-person work environments have been reinstated into the budget.

**Personnel and Benefits**

The college has reduced personnel across the campus while maintaining previous levels of spending, as a percent of the total budget, in each area. Reductions were focused on long-term savings in response to future enrollment projections. The college continues to invest the majority of its resources in instruction, academic support and student services.

In addition, the college has successfully reduced its spending on employee benefits through a number of strategic initiatives including retirement incentives for faculty, transferring retiree’s to an employer sponsored Humana medicare plan, self-insuring health benefits, and implementing a wellness program for employees.

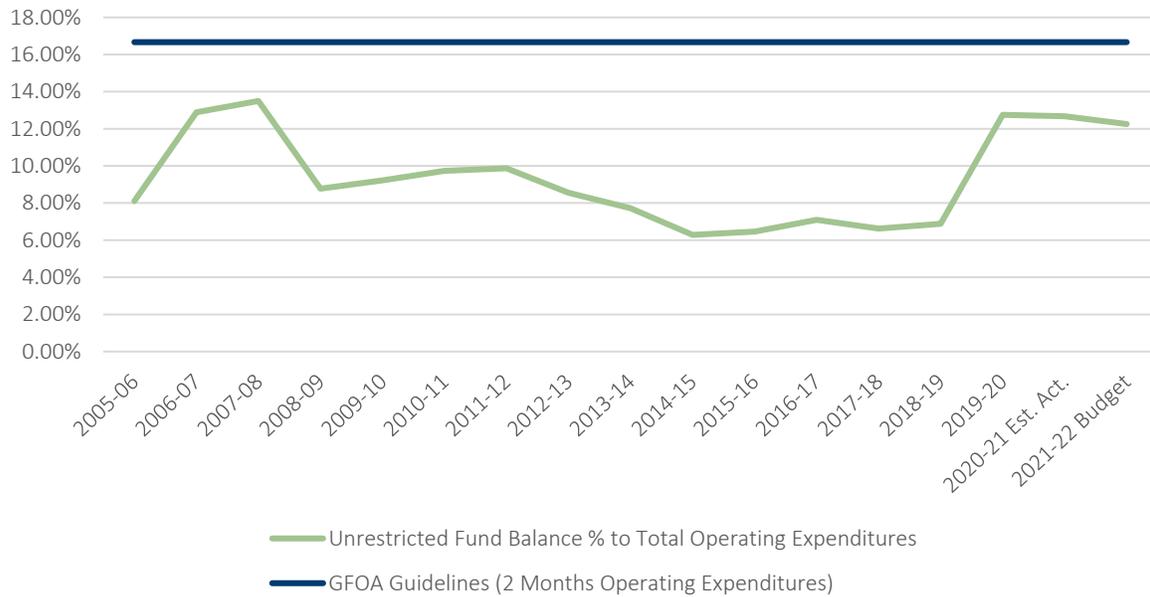

**Operations and Maintenance of Plant**

To reduce overall deferred maintenance, Adirondack Agenda 2.0 included a goal of increasing the percent of operating dollars per year spent on facilities maintenance from 16.5% in 2017-18 to 19.5% in 2020-21. Though we did not meet that lofty goal we have made strategic decisions to keep funding Operations and Maintenance of Plant.

**UNRESTRICTED FUND BALANCE:**

2021 – 2022 Budgeted Appropriation	\$0
2021 – 2022 Projected Unrestricted Fund Balance:	\$3,734,412

Unrestricted Fund Balance  
As a Percentage of Operating Expenditures

The college experienced a one-time increase in fund balance at the end of the 2019 fiscal year as a result of the pause in inperson campus operations due to to the Coronavirus pandemic and the severe spending restrictions implemented in response to the same and the anticipated sharp reduction in State Aid.

Note: The College is self-insured for its health insurance benefits. It currently maintains a Board Designated fund balance of \$1,539,781. This represents the recommended balance of 6-7 months of the colleges total health care spending. This reserve, together with stop-loss coverage, protects the College from high cost claims.
