## TYPICAL JUNCTION (STATE FUNDED TRAIL)

A Guidepost showing corridor ID sign and reflector. An orange reflector or orange reflective tape should also be installed above the junction identification sign.

The main feature of any guidepost is to show the identification of that intersection.

Parks has established the following guidelines for all junction identification signs:

- 5 inches wide by 7 inches high, yellow text on a brown background; identifications begin with the 4-letter abbreviation followed by a number.
