11/18/2022

Dear Dennis Dickinson, Occ Tax Committee Chair,

Up Yonda Farm Environmental Education Center is looking to secure funding to maintain and replace the materials and resources for our summer programs which is a very busy time for our facility. Each year, Up Yonda Farm averages 10,000 visitors. In 2022, there were 4,917 visitors from May 1 through September 30.

Summer program resources, trails and exhibits need daily maintenance and repair. The facility has a fair amount of visitation from both new and existing visitors, and would like to be able to maximize the impression given with new program materials, signage and properly maintained exhibits. Currently, these resources are in dire need of maintenance. Summer visitation accounts for nearly 50% of our attendance. We strive to impress Alice Scott's wish that Up Yonda Farm exists as a place for people of all ages to visit and enjoy the natural beauty of the region.

We intend to ask for this funding support on an annual basis, so we can maintain the facility for our patrons throughout the summer months.

Sincerely,
Dean
