

NORTH COUNTRY EARTH ACTION

Climate Action: It's Time!

- Extreme weather
- Devastating fires & floods
- Melting glaciers
- Drowning island countries
- Drought-driven migrations
- Severe erosion and soil depletion
- Deforestation of our great forests
- Toxic air pollution
- Water degradation
- Loss of birds, insects, and wildlife - 6th mass extinction
- Acidification of our oceans
- Disappearing coral reefs
- Endangered coastal cities
- Local Tick infestation
- Drastic CO₂ & methane levels

**Take Action
NOW!**

- ✓ Recognize the urgency.
- ✓ Use less fossil fuels.
- ✓ Divest from fossil fuel companies.
- ✓ Talk about climate warming.
- ✓ Sign on to our Email list:
earthactionsquad@gmail.com
