5. EVENT DETAIL

The Hyde Collection's exhibition schedule offers a dynamic, year-round opportunity for cultural tourists, as well as casual tourists and crossover visitors, to the Glens Falls/Lake George region. We have built upon the visitation growth we have experienced in 2023. As we close the Museum's 60th anniversary season, we are confidently poised to leverage the momentum and successes of the last year, which featured the landmark exhibition *Songs of the Horizon: David Smith, Music, and Dance*. The Hyde will continue the robust marketing plan it implemented last year targeting out-of-town visitors. Given the general public's continued desire to travel, The Hyde is positioned to attract both regional visitors looking for new experiences as well as overnight guests and day trippers to the region through our exhibition schedule and increased promotion of The Hyde as a cultural destination.

The Hyde offers 1) a world-class group of artworks that span six thousand years of art history from antiquity to the present; 2) the most complete visual arts experience between New York City and Montreal; and 3) an historic and contemporary connection to Glens Falls, Lake George, and the natural beauty of the Adirondacks. Cultural tourists or occasional patrons of the arts who visit the Adirondacks, Saratoga Springs, and Lake George often visit the Museum and the city of Glens Falls. The Hyde is an example of what makes Warren County vibrant and unique. We aim to shine a light on The Hyde as a key regional asset and destination through video, digital marketing, and new outreach, but we need capital to set the marketing plan in motion.

With funding from the Occupancy Tax program, The Hyde will showcase the Museum and Warren County as a destination for cultural tourists, especially for those from Western New England (VT, western NH, MA, northwest CT), Central New York, the lower Hudson Valley, as well as New Jersey and Pennsylvania. We are requesting \$25,000 from the Occupancy Tax program to boost our year-round marketing efforts aimed at attracting these audiences between January 28 and December 31, 2024, with an emphasis on the summer tourist season (our largest, highest profile exhibitions). Pending any COVID surprises, we believe these efforts will result in an increase in stays and spending by both overnight guests and day trippers.

The following is a selection of the exhibitions that will drive our marketing efforts in 2024. The Hyde, continuing its work with Trifecta Communications, will leverage these exhibitions, as well as increased visibility of our outdoor campus, to promote The Hyde as a must-see cultural destination in Warren County.

Paul Anthony Smith (January – April 2024): A solo exhibition featuring Smith's celebrated *picotage* technique, where he uses a pointed tool to pierce thousands of holes in large-scale color photographs, creating a mesmerizing atmospheric veil that both shrouds and enhances the subjects. Smith is a Jamaican-born New Yorker whose "piqued" photos feature Black, mostly urban communities, thematizing migration and slavery.

Venetian Vistas (January 20 – April 21, 2024): The city of Venice, with its grand canals, distinctive architecture, and romantic charm, has held a continuous allure for artists over the centuries. This exhibition explores the various approaches taken by those artists, identifying key monuments in Venice that were frequently depicted, and the interest of many artists in capturing the effects of light, water, and reflections. The exhibition features a number of loans from regional museums.

Furniture from the Permanent Collection (January – April 2024): Charlotte and Louis Hyde's collecting practices extended beyond painting and sculpture, to also encompass furniture and decorative arts. Many of

the pieces of furniture in Hyde House have become a backdrop for the fine art around them; this exhibition draws attention to a number of those pieces, while also showcasing furniture and decorative art from the vault that have rarely been displayed.

A Long Affair: Surrealism 1924 to Now (June – September 2024): An encyclopedic exhibition celebrating the hundred-year anniversary of André Breton’s famed *Surrealist Manifesto*, the text that laid the foundation for one of the most enduring movements in the arts. On view will be paintings, drawings, prints, and three-dimensional objects from every decade from the 1920s to the present, including work by Jean Arp, Leonora Carrington, Salvador Dalí, Julio De Diego, Dorothy Dehner, Max Ernst, Wifredo Lam, Man Ray, André Masson, Wangechi Mutu, Kay Sage, Yves Tanguy, and other luminaries of the movement.

Daniel Giordano: Crystal Blue Persuasion (June – September 2024): A solo exhibition of sculpture by a rising star on the contemporary art scene. Giordano’s mysterious work features a complex lexicon of biographical typologies and an equally complex array of materials and techniques, from deep-fried motorcycles to cast aluminum, lipstick, Tang drink mix, and found objects. Giordano currently has a solo show at MASS MoCA.

Growing Up in a Renaissance Palazzo (October 6, 2024 – January 5, 2025): Guest-curated by Prof. Penny Jolly, Professor Emerita, Skidmore College, this exhibition examines childhood in Renaissance Italy, as seen in the artwork of that time. Divided into five parts, each section explores a different phase of life, from conception and pregnancy through to childhood and youth. The exhibition features a number of significant loans from major museums around the country. The companion exhibition *Growing Up in Hyde House* will explore what life was like for the children who grew up in Hyde House, built in the style of a Renaissance Palazzo.

Pre-COVID, The Hyde’s average attendance was 24,000 with approximately 36 percent of these visitors (8,640) coming from beyond a three-hour radius (determined by zip code analysis at front desk). Converting a portion of those visitors into overnight guests remains a priority for the Museum, as does tracking the conversation rate. Surveys conducted in previous years indicated that approximately 25 percent of those long-distance visitors stayed overnight for at least one night. This is the equivalent of 2,160 people. If double occupancy is assumed for the majority, we estimate The Hyde will generate 1,050 to 1,100 rooms (in a typical, non-COVID year). As The Hyde closes its 60th anniversary season and sets its’ sights on the future of the institution, the world-class exhibitions recounted above play a crucial role in attracting regional, overnight, and day trip travelers alike.

History has shown that The Hyde can play an active role in attracting tourists. Our multi-faceted re-engagement strategy has the potential to attract art lovers and cultural tourists as well as general tourists to Warren County, Lake George, and the greater region. We thank you in advance for your consideration.

- 6.) Type of Event: For Profit Non-Profit (501-c-3) Not-for-Profit (501-c-6)
 New Event Annual Multi-Day Multi-week/month

7.) How long has this event been in existence: 81 years Date started: 1963

8.) If a multi-year event, what new marketing, promotions and/or activities have been added to enhance the event and increase attendance? *Feel free to attach a separate sheet.*

See the attached description and marketing plan. The Hyde Collection will continue to build on the momentum of its 80th anniversary year (2023) with digital engagement, digital buys, and target promotions of out-of-town guests.

9.) Total number of attendees projected? 30,000 Previous year's attendees? 11,600 (2022)

10.) How will you track attendance and room nights?
Admission survey, zip code, and information requests, communication with local accommodations

11.) Number of day visitors projected? 10,800

12.) How did you determine this percentage (surveys, zip codes, etc.)?
This is based on historic zip code analysis, which had held steady until the COVID disruption. This shows 36% of The Hyde's total visitation travels from outside of a three-hour radius, making them daytrippers or potential overnight guests.

13.) Number of overnight guests projected? 7,500

14.) How did you determine this percentage (surveys, zip codes, etc.)?
According to the same analysis and visitors surveys, approximately 25% of those traveling outside a 3-hour radius convert to overnight guests in Warren County

15.) Number of overnight accommodations used in previous year? 2,900 (2022)

16.) Average length of stay per guest? 1-2 nights

17.) How did you determine total number of overnight rooms?
The calculation is based on prior year's visitor surveys, front desk information (with zip code request), and select hotel information. It assumes a 25% conversion rate of those visiting from beyond a 3-hour radius of Glens Falls.

18.) Do you work/or anticipate working with a third-party company, CVB or other entity to help gather your special event/activity data and manage housing? If so, please provide name, and contact information.

THE HYDE COLLECTION

Final Report Summary for Warren County Occupancy Tax Grant

For the first time since the COVID pandemic, we were able to offer guests the ability to experience our exhibitions in-person for the entirety of the season. The season included all five exhibitions as planned, beginning with *Robert Blackburn & Modern American Printmaking* in January and closing with *Wall Power! Spectacular Quilts from the American Folk Art Museum*. We supported these exhibitions with robust schedule of programming, implemented by The Hyde's new curator of Education and Engagement Katelyn Foley.

Visitation was robust as we work our way back to pre-COVID levels. Throughout the year, the museum welcomed 10,915 guests through its doors, almost double our 2021 levels (6,754). The museum experienced its highest visitor traffic from April through September. Whenever possible, we collect geographic, lodging, and media information from guests. Guests are asked to report voluntarily, and this year, 1,064 guests reported staying in various regional lodgings, with another 147 guests staying with relatives. Guests stayed at a variety of local hotels and inns. The Queensbury Inn was the favored choice of lodging, with the Sagamore, Marriott, and Holiday Inn following. While we did not track what restaurants people visited, the impact these guests have on local eateries cannot be discounted. Furthermore, 4,469 guests reported being repeat visitors. The reports also reveal a majority of guests came to the museum after learning about our exhibitions and programming from our website, social media channels, and word of mouth.

For 2023, we are looking to build upon the successes of the year while leveraging The Hyde's 60th anniversary of becoming a public museum. We recently welcomed two new curators, Derin Tanyol, Curator of Modern & Contemporary Art, and Bryn Schockmel Curator of the Permanent Collection. Together they will implement a provocative schedule of exhibitions planned for the year. The keystone exhibition for the year is *Songs of the Horizon: David Smith, Music, and Dance*. Celebrating the influence of the greater Bolton Landing landscape on Smith's practice, the exhibition will bring a variety of works which demonstrate Smith's love of music and dance on his work. The show will pair works from private collections with holdings from the collection. We anticipate an interest in the exhibition akin to that of the museum's 2016 Georgia O'Keefe exhibition, which brought over 50,000 guests to the museum.

Three day event should increase local hotel and campground activity as well as draw people to the area. Our attendance in 2023 had performers from Maine, Boston, local area, Hudson Valley and Florida. Our attendees were from a 3 hour radius including Vermont, Hudson Valley and Albany area as well as locals.

Hosted on the pristine Northern shores of Lake George at historic Silver Bay YMCA, a conference and family retreat center, and built on the foundation of the YMCA's highly successful community concert series, Bluegrass in Heaven is a music festival like no other. Boasting lodging opportunities from premier lake-view hotel rooms to economical group housing options, Silver Bay also possesses the perfect indoor venue for the family friendly music festival in its gorgeous historic Auditorium.

The family friendly nature of this multi-night event will attract attendees of all ages, with globally renowned headliner bands, multiple regional bands, arts and crafts, music instruction opportunities, dining options, and of course all the recreation activities normally available at Silver Bay YMCA (Pickle ball, disc golf, tennis, kayaking, archery, hiking trails, shuffleboard, and more). Attendees will be able to choose all-inclusive amenities, day-pass, or any level in-between.

Based on data from visitor survey responses, the 2023 summer festival and museum exhibitions contributed to approximately 1,083 room nights in the region (see following questions for calculations & data). Despite a season challenged with wildfire smoke and heavy rain, The Sembrich was able to continue to achieve a 26% increase in overall visitorship (2,854 in 2023 vs 2,102 in 2022).

The Sembrich's 2023 and 2024 summer festivals and exhibitions are part of a project supported by a grant from Empire State Development's Market New York Initiative, helping to expand marketing efforts for these events and activities through 2024. As part of this project, the organization is working with several contractors including Mannix Marketing, Trampoline Design, and others to create video and photo assets and expand its marketing presence throughout the northeast.

The 2024 Summer Festival, titled *A Century of Sembrich*, will bring together a selection of today's finest concert artists to celebrate the centennial of the iconic pink stucco studio that has been a center for cultural and musical events in our region since its construction in 1924.

Highlights of the 2024 Summer Festival include:

- **A Juneteenth Celebration (June 19, 2024):** The Sembrich will celebrate Juneteenth with a studio talk and performance by Pulitzer prize-winning composer Anthony Davis. He will be joined by Christine Jobson, soprano, Carl DuPont, bass-baritone, and pianist Alan Johnson who will perform excerpts from Davis's acclaimed operas, *X – The Life and Times of Malcolm X*, *Amistad*, *Tania* and *The Central Park Five*, all portraying momentous actions and engagements crucial to black Americans.
- **A Night at the Museum (July 17, 2024):** For one night only, the most delicate and unique treasures from The Sembrich's collection will be on display for the first time in nearly four decades. This presentation, led by The

Sembrich's professional staff and scholars, will feature some of Marcella Sembrich's most treasured possessions including fine art pieces, a collection of jewelry crafted by Tiffany's, and much more.

- **At That Hour - A Chamber Opera After James Joyce (August 24, 2024):** The Sembrich, in partnership with the acclaimed Hyperion String Quartet, the Seagle Festival, and the Center for New American Works will produce the world premiere of this exciting new work by The Sembrich's Artistic Director and Composer in Residence Richard Wargo.
- **Free Film Series (five events):** The Sembrich will also continue its free film series comprised of new and classic films. A special feature of this year's film series is the US premiere of a new film on the life of Marcella Sembrich by Polish filmmaker Radka Franczak.
- **World Music Wednesdays (three events):** The Sembrich's popular series returns to the lakeshore with new groups and musical traditions from across the globe. This year's series features the *Harmonia Ensemble*, celebrating the musical traditions from Marcella Sembrich's homeland, *Jomion and The Uklos*, exemplifying the musical traditions from West Africa, and the *Nordic Fiddlers Bloc*, bringing fiddle styles from their native lands of Norway, Sweden, and the Shetland Islands.
- **Family Events (two events):** The Sembrich will continue its annual presentation of the Seagle Festival Children's Opera which drew over 100 local children from the region in 2023. In addition, award-winning ensemble WindSync (The Sembrich's 2024 Flonzaley Resident Ensemble), will present "Interstellar Cinderella," an interactive musical program and reading of the popular children's book by Deborah Underwood.
- **Promenade Series (three events):** Bringing an eclectic mix of classical, light classics, jazz, and more, this outdoor performance series is the perfect evening out in Bolton Landing. The 2024 series will feature a performance by resident ensemble WindSync, an evening of jazz and Puccini with violinist Leah Zeger and accordionist Cory Pesaturo, and the mixed-genre violin-guitar duo ArcoStrum. In 2022, approximately 50% of people who attended these events had never been to a performance in Bolton Landing before.

The Sembrich is currently the recipient of a Market NY grant from Empire State Development and the NY Department of Tourism. This grant provides matching funds to expand The Sembrich's marketing efforts. As part of this grant The Sembrich has invested in the creation of additional video and photo assets, SEO and web upgrades, and an expansion of asset placement in Upstate NY and the northeastern US. The expanded marketing presence can already be credited in part for the overall increase in 2023 visitorship.

9.) **Total number of attendees projected?** 1,550+ **Previous year's attendees?** 1,472

15.) Number of overnight accommodations used in previous year?

The number of overnight accommodations was approximately 1083 between confirmed rooms used by our artists and rooms inferred from the data collected in attendee surveys.

The total number of overnight rooms was calculated using the percentages from post event surveys plus the number of rooms confirmed and used by our artists.

18.) Do you work/or anticipate working with a third-party company, CVB or other entity to help gather your special event/activity data and manage housing? If so, please provide name, and contact information.

Founded in 1940, The Sembrich actively contributes to the livability and cultural vibrancy of the surrounding region through exhibits, performances, and educational programs. The Sembrich's festival events welcome a large number of seasonal visitors and local residents consisting of diverse racial, cultural, and economic backgrounds. The visitors drawn to the area patronize local businesses, restaurants, short-term rental accommodations, hotels, and attractions.

A portion of programs offer free or low-cost opportunities, which we do to eliminate financial barriers and increase access to quality arts programming. The Sembrich's local audience consists of individuals, largely of Caucasian descent,

with approximately 37% of families qualifying for reduced price lunch programs who may not have reliable access to arts programs.

Offering over 25 events annually, including concerts, films, and lectures, The Sembrich's Summer Festival actively enriches the cultural landscape in the Lower Adirondack Region. Notable performers who have appeared include the Canadian Brass, mezzo-soprano Stephanie Blythe, the Villa Lobos Brothers, and members of The Philadelphia Orchestra, among many others. In addition to classical music, The Sembrich presents programs of contemporary and folk styles. When designing programs, audience surveys conducted at the end of the previous season are used to gauge program efficacy and improve future offerings.

2024 Lake George Music Festival | August 11-22

Marketing Budget Draft developed by Lake George Music Festival

Marketing & Promotions

Our long-term goal is to make the Lake George Music Festival (LGMF) a “destination for classical and new music,” focusing on attracting cultural tourists to our festival and Lake George on a national basis; with the primary focus being cultural tourists in the northeast. We feel the draw for such an event in a historic and scenic location like Lake George, with all of its available hotels and amenities, is high.

Visitors to our region enjoy the benefit of immersion in beautiful scenery in peaceful communities. A place to fish, walk in the woods, relax around a campfire, or take a quick swim in the lake is often right out the back door. Indeed, visitors to the Lake George region and Adirondack communities enjoy the best of both worlds – rural vacation with easily accessible urban amenities like brewpubs, ethnic restaurants, libraries, theaters, book shops, and coffee houses. The LGMF is one of the cultural draws.

On the shores of Lake George, our unique location is where music and natural beauty collide. We are Lake George’s Destination for Classical Music. The Lake George Music Festival offers diverse and engaging programming in an intimate setting with up-close encounters with world-class artists.

Over the past two years, our marketing and advertising focus has shifted from local advertising towards a more national approach. We handle marketing efforts in house with the help from regional and national consulting firms (see budget below).

Together, we have developed a two-prong approach to our visibility campaign.

1. We are targeting leading cultural travel writers and broadcasters to learn more about what we all know – the region's excitement combined with a destination for classical and new music. We connect with writers from USA Today, Wanderlust, Travel & Leisure, Road and Travel, Lonely Planet, and regional outlets like New York Times, Boston Globe, Philadelphia Inquirer, WBUR, WNYC, podcasters, bloggers, and influencers.
2. We are also targeting high-profile classical music magazines and publications to raise the awareness of the LGMF and our new venue, the historic and acoustically perfect Carriage House at Fort William Henry. In addition, we are connecting with internationally known musicians, composers, writers, radio hosts, and social media influencers to help share the news of this gem. We are also targeting headliner acts to draw national attention.

2023-24 partners include: Symphony Magazine, Chamber Music America, The Strad, Musical America, The Violin Channel, Gramophone, the BBC, and Performance Today. Our priority with features in these publications is attracting national attention among cultural tourists, resulting in overnight guests for Lake George.

We have reformatted our website to highlight and focus on overnight visits to our region. Highlighting the region as a whole (to the eyes of a cultural tourist).

At our peak in 2021 we hit 5,000 guests. Based on the zip codes we collect from our audience = 40% overnight guests and 60% day trippers. With the average night stay being 3 nights that gives us a total of

3,500-3,750 room nights generated for our region. This is in addition to the 100+ musicians, interns, and staff members we house in Warren County for 2-3 weeks each summer.

Photographers and video producers will develop engaging content that showcases the Lake George area as the 'place to be' for cultural tourists. This content highlights our scenic and historical location as well as our top-notch classical music festival. Content is shared with our media partners to tag cultural tourists. This year, we are taking it a step further and engaging with our musicians to create short video bites showcasing their love for the arts and Lake George. These videos will be stored on our YouTube channel and used within our promotion to drive cultural tourists to the area and unveil the personal side of our musicians.

Enhancements for 2024

- Working with the PR firm Unison Media to fine tune our message
- Working with local marketing firm Advokate to handle local media
- Promote the LGMF as an opportunity for an intimate setting – with a chance to connect with world-class performers – meet and greets, receptions, etc.
- Explore collaboration with cultural travel and classical performing arts outlets to engage and entice cultural tourists to visit the region and immerse in beautiful music.
- Deepen relationships with local businesses and restaurants to create an authentic Lake George experience while at the festival.
- Grow our social media base and deepen engagement.
- Expand regional press relationships and partnerships.
- Develop promotional content to match the excitement of the LGMF by using great content that is moving, full of energy, and that shares the talent and personalities of the musicians with the beauty of music.
 - **Action photos that have energy in them:** Fantastic shots that are captivating and full of passion.
 - **Videos of the musicians to show their personality and talents:** Why are they performing this piece, this time, and with this ensemble? Even if it is a short clip saying hello to the audience.
 - **Showcasing personal facts about the musicians within promotion:** The more we can spotlight them as authentic individuals and truly connect with them, the better. Why are they musicians in the first place? What is their story? Why did they choose the LGMF? What do they do in their free time?

Target Audience for the LGMF

- Overnight Cultural Tourists: adults, ages 40-75, median income \$100,000
- Philadelphia, New York City, Boston, New Jersey, and Connecticut
- Northeast (driving distance)

To Warren County Occupancy Tax members:

The mission of the Warren County Historical Society (WCHS) is to promote the history of Warren County, New York and its environs by supporting research and preservation efforts and encouraging public participation. The historical society was chartered in 1997 by the New York State Education Department for the collection, preservation, and promotion of the heritage of Warren County. The Society offers a permanent exhibit as well as temporary displays, historical collections and archives, a comprehensive resource center, publications, a book and gift shop, an oral history project, community history and culture initiatives, and a student internship program. The WCHS is a non-profit, 501C (3) membership organization funded through dues, donations, grants, and gifts.

Our request is for Phase One of the Joseph Warren Museum. This includes exterior and interior renovation of the building. With the upcoming 250th anniversary of the American Revolution, and Warren's pivotal role, this project will be nationally significant as the only such project to honor this American hero. The museum will attract visitors from all over the United States as well as from foreign visitors interested in the origins of democracy in America.

Sincerely,

Don Rittner, Executive Director

MUSIC FESTIVAL

MUSIC FESTIVAL

JULY 13TH, 2024

WARREN COUNTY TOURISM EVENT OVERVIEW

Lake George, NY - Rock The Dock Music Festival is back at Lake George Steamboats Pier on Saturday, July 13, 2024. The annual event began in 2017 as an effort to ring in the Lake George Steamboat Company's 200th year in business. "I brought up the idea of doing a major concert event for our 200-year celebration on the pier with folks watching from the steamboats and my parents got behind it," said Luke Dow, Vice-President of Lake George Steamboat Co. "My father (the late, Bill Dow) was always civic-minded, so he gave his blessing to continue Rock The Dock in following years, as long as we continue to give back to our community." The event has been a means to attract new guests to the beautiful Lake George Region and raise funds for local causes such as the Lake George Association, Ronald McDonald House of Lake George, and this year's beneficiary, American Legion Post 374 in Lake George.

After a two-year hiatus in 2020 - 2021 due to Covid shutdown, Rock The Dock Music Festival bounced back with a successful 2000+ turnout in 2022, and another 3500+ person turnout in 2023 with the band Galactic as its headlining act. In previous years, the event had featured regional favorite, Formula 5, along with International touring bands, Twiddle & Goose, which both have gained tremendous popularity Globally. Goose is now a staple at SPAC each summer.

It's the best concert value of the summer at just \$35 for adults and \$10 for kids under 15 where folks get to see artists who've shared the stage with Dave Mathews Band, The Allman Brothers, The Roots, and many others. This year's lineup is in the works.
