## Summary KPIs

Source: Zartico Lodging Data.
KPI metrics display short-term vacation rental (STVR) and hotel performance for your primary geographic area.
Use the filter at the top to filter all insights by STVR or hotel performance. Twelve-month rolling trends can be found in the sections below.

| Hotel Avg. Stay Value	STVR Avg. Stay Value	Hotel Avg. Length of Stay	STVR Avg. Length of Stay
$468	**$1,247**	**2.1 days**	**3.5 days**
4% | $451	2% | $1,221	-1% | 2.1 days	2% | 3.5 days
% Change | Previous Year	% Change | Previous Year	% Change | Previous Year	% Change | Previous Year

How does occupancy vary by day?

Use this chart to understand your daily occupancy trend and how it differs between hotels and short-term vacation rentals (STVR) for your primary geographic area.

Hotel & STVR Paid Occupancy
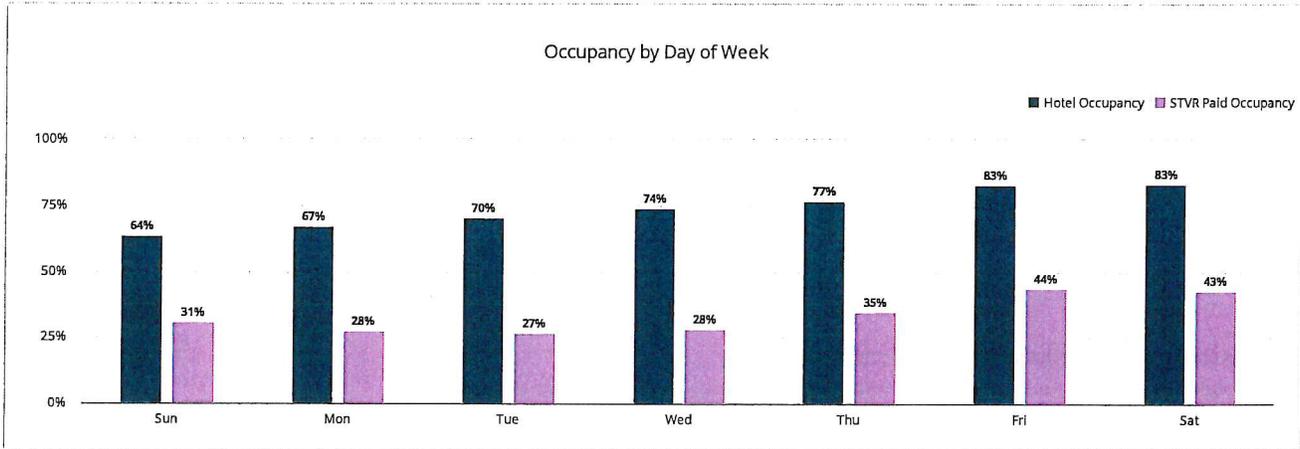

● Hotel Occupancy   ● STVR Paid Occupancy
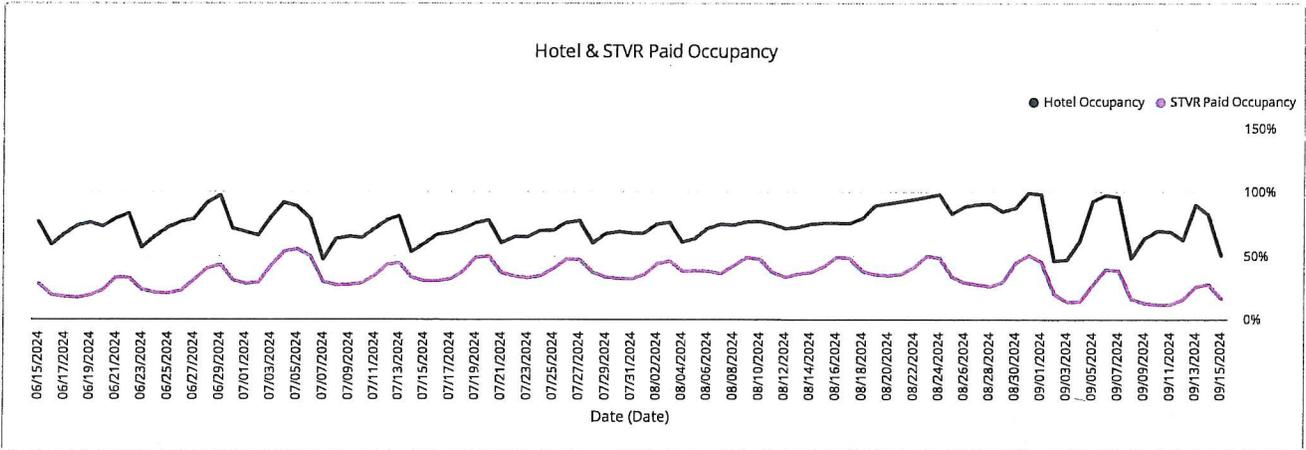

How does lodging performance vary by day of week?

Changes in length of stay or ADR help to illuminate different visitor groups and the reasons why they visit your destination.

Length of Stay by Day of Week

■ Hotel Avg. Length of Stay   ■ STVR Avg. Length of Stay

ADR by Day of Week

■ Hotel ADR   ■ STVR ADR
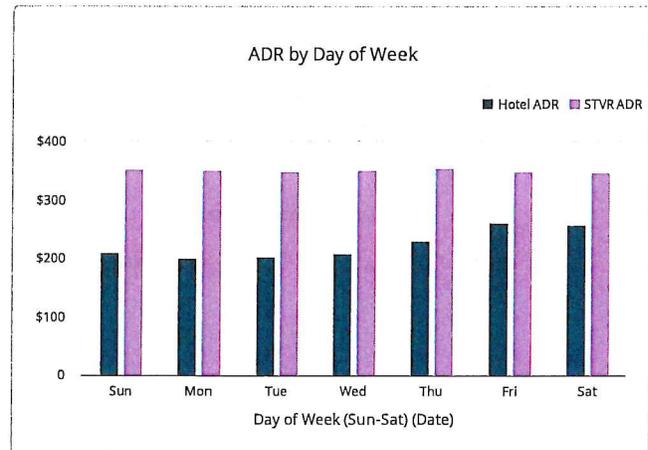

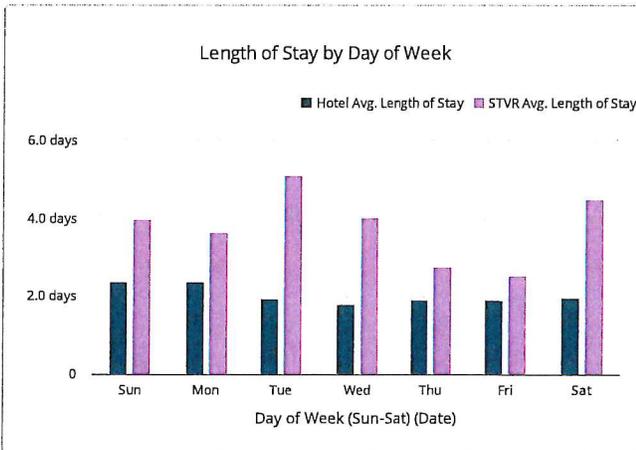

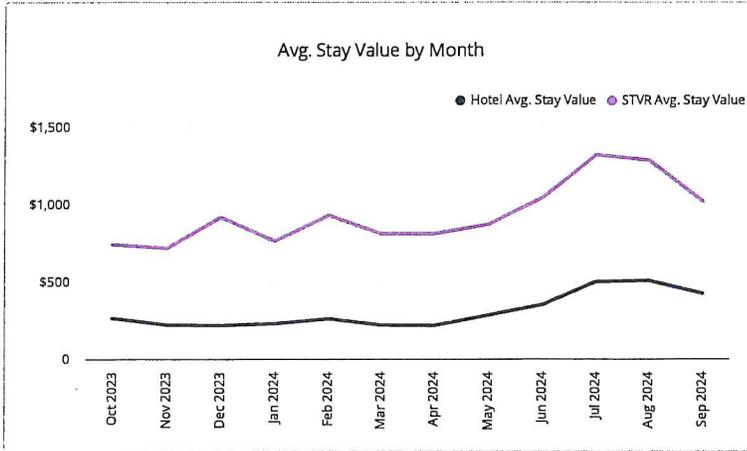

Key Lodging KPIs for Reporting

Use this section to report key insights about your hotels and short-term vacation rentals (STVR). Observed hotel demand is for properties reporting into the Amadeus system and will not reflect 100% of all properties in your destination. Use this to understand year-over-year demand trends. Zartico recommends using lodging tax data as the most authoritative measure of total lodging revenue and demand.

Hotel Occupancy	Hotel ADR	Hotel Demand	Hotel RevPAR
74%	**$228**	**70.5 K**	**$169**
-6% | 79%	4% | $220	-12% | 80.1 K	-2% | $173
% Change | Previous Year	% Change | Previous Year	% Change | Previous Year	% Change | Previous Year

STVR Paid Occupancy	STVR ADR	STVR Demand	STVR RevPAR
34%	**$352**	**60.3 K**	**$118**
-6% | 36%	0% | $351	14% | 53.1 K	-6% | $126
% Change | Previous Year	% Change | Previous Year	% Change | Previous Year	% Change | Previous Year

Occupancy by Day of Week

Legend: ■ Hotel Occupancy ■ STVR Paid Occupancy

Day	Hotel Occupancy	STVR Paid Occupancy
Sun	64%	31%
Mon	67%	28%
Tue	70%	27%
Wed	74%	28%
Thu	77%	35%
Fri	83%	44%
Sat	83%	43%

## What are your destination-wide trends over the past 12 months?

Use these charts to see destination-wide trends over the previous 12 months, independent of the date filter specified above. Average Stay Value is total revenue divided by the number of guest check-ins, reflecting the amount for the entire stay timeframe. These insights reflect your primary geography only.

Occupancy Trends By Month

Legend: ● Hotel Occupancy ● STVR Paid Occupancy

(Line chart spanning Sep 2023 through Aug 2024)

RevPAR by Day of Week

Legend: ■ Hotel RevPAR ■ Airbnb RevPAR

Day	Hotel RevPAR	Airbnb RevPAR
Sun	$57	$68
Mon	$54	$53
Tue	$57	$49
Wed	$59	$51
Thu	$66	$63
Fri	$99	$92
Sat	$110	$95

Avg. Stay Value by Month

Legend: ● Hotel Avg. Stay Value ● STVR Avg. Stay Value

Avg. Stay Value - Previous 12 Months

Legend: ■ Hotel Avg. Stay Value ■ Hotel Avg. Stay Value - Prev. Year ■ STVR Avg. Stay Value ■ STVR Avg. Stay Value - Prev. Year

Bars: $318, $314, $1,023, $1,039

How does your average booking window change over time?

Use these insights to understand the difference in booking window between hotels and short-term vacation rentals (STVR) in your primary geography. The dates used in the graphs below indicate the check-in date, while the booking window indicates the number of days in advance of check-in the room or rental was reserved. Insights are not connected to the date filter and are auto-set to a rolling 12 months.

Avg. Booking Window by Month

Legend: ● Hotel Avg. Booking Window ● STVR Avg. Booking Window

Avg. Booking Window by Lodging Type

Legend: ■ Hotel Avg. Booking Window ■ Hotel Avg. Booking Window - Prev. Year ■ STVR Avg. Booking Window ■ STVR Avg. Booking Window - Prev. Year

Bars: 43 days, 49 days, 67 days, 68 days
