- (a) Purpose of Request: To authorize the Chairman of the Board of Supervisors to execute revocable license agreements for entities encroaching on County-owned right of way.

- (b) Details: A property owner along East Shore Drive (CR 15) in the Town of Horicon proposes to install a staircase along the subject road to access waterfront property on Schroon Lake. Due to the existing topography of the roadway and lake, the only feasible alternative for lakefront access involves installation of portions of the staircase within the CR 15 right of way. The Superintendent of Public Works determined that: the encroachment poses no significant threat to highway safety; there is no imminent County use of the subject right of way; and the property should remain County right of way for future use. The County Attorney has drafted a standard format for revocable license agreements which grants permission to the land owner to occupy, use, and access the property for maintenance purposes and identifies insurance and indemnification requirements. The agreement will be executed by Hodges Realty, the reputed owner of parcel 19.4-2-11 and Warren County and requires endorsement by the Chairman of the Board of Supervisors and the County Attorney. DPW requests that the Chairman of the Board of Supervisors be authorized to execute this revocable license agreement, in a form approved by the County Attorney.
